Declarations:

- Is the holding under movement restrictions for Bovine Tuberculosis (TB)? **Yes No**
- Is the holding under movement restrictions for any other animal disease or public health reasons (excluding a 6 day standstill)? **Yes No**
- Are any of the animals stated above still within a withdrawal period for any veterinary treatments administered to the animals while on this holding and previous holdings? **Yes No**
- To the best of your knowledge, are any of the animals stated above suffering from any disease or condition that could affect the safety of meat derived from them? **Yes No**
- **If you have answered YES to any of the above statements, please provide additional information on the Additional Food Chain Information Sheet (on the back)**

• **Feeding during the last 14 days (tick as appropriate)**

Protein Concentrate Grass/Silage Grain Compound Non UK grown maize and derivatives Non UK grown soya and derivatives Name of Feed Supplier(s) : _____

- The above cattle have not been fed any antibiotic growth promoters/digestive enhancers since 1ST January 2001
- The ovine/bovine animals delivered have been on a Farm Assured Holding for the minimum period of time required by the Farm Assurance Standards (60 days for sheep / 90 days for cattle) and all ovine animals delivered have been resident on the final holding for a minimum of 30 days.
- All Ovine animals have spent either the last 90 days or their entire lives in the UK
- I have correlated all ear tags with the passports supplied therefore I hold all responsibility for any animals delivered with incorrect passports or missing ear tags.
- **I declare that none of the animals on this consignment are either cloned or progeny of cloned animals.**
