- Press Register.
- If the remittance and email address combination was found, you will receive a message saying that a verification email has been sent. If you instead get an error, please contact your Dawn Meats/Dunbia Procurement Officer.

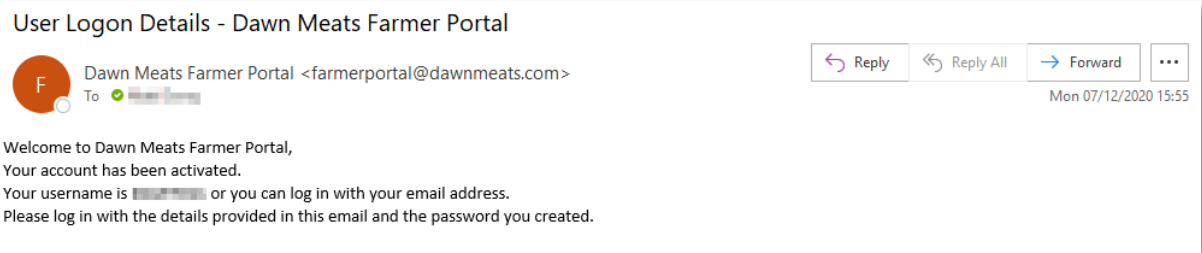

- You will have an email containing a link to verify your email address. Click it and you will be taken to the Farmer Portal again.

- You will now be on the account activated screen. Press “Please click here to log in” which will take you back to the main Farmer Portal page. A second email has been sent containing your username.

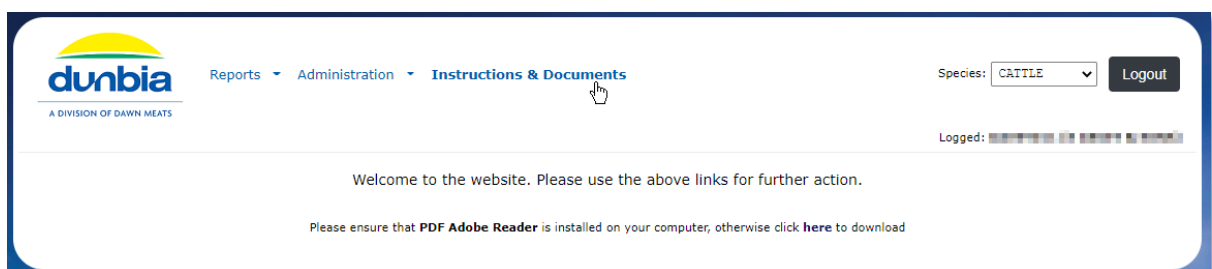

8. Your username is found within this email. Go back to the farmer portal log in page.

9. You are now signed up. Enter your username or email address along with your password to log into the farmer portal.

10. If you are struggling to use the portal, help documents can be found within Instructions & Documents.

Frequently Asked Questions

Q: Can I log in if I have never supplied previously?

A: No. The process to create your account requires you to have a remittance number and we also need your email address stored in our system before you can attempt to log in. Once you have supplied livestock you will receive a remittance in the post.

Q: Can I log in if I am not the person being paid and supply via an Agent?

A: No. Only the person being paid directly by Dawn Meats/Dunbia will be able to log on via the portal.

Q: Where do I get my remittance number from?

A: After supplying livestock, you will receive a remittance in the post. The Remittance number can be found in the top left-hand corner and is unique for each remittance generated. You can use a remittance from any delivery that you have brought in.

Q: Can I use a different email address rather than the one on my remittance?

A: No. The email address must be the same as what we have stored against your account. This is to prove that it is you accessing your data. If you require your email address to be changed, please contact your local livestock representative who can get this changed.

Q: For the password, what is a special character?

A: A special character is anything other than a letter or number. For example, you could use any of the following: !"%^&*"/?@#

Q: What is my username?

A: It will be emailed to you after activating your account. It will be a 5 letter and 3 number sequence. E.g. ABCDE001. You can use your email address instead if preferred.

Q: Can I reset my password if I forget it?

A: Yes. There is a reset password button on the log in screen, press this and enter your email address and a new temporary password will be sent to you.
